BOBCAT

Carol Schmitz
Andrea Tilton
Sharon Peterman
Sandra Walters

Hello Bonny —
It has been nice to
Know you this year and
I look forward to having
you in my class someday
Sincerely
Mr Stanford

Bonnie
Shaun had fun being
Tom two drawn and I
a that smile with those eyes
a very happy future type if my kid
Ray K. Moss

You have always been
a good girl. I know
you will stay that way.
Colleen

David Lye

Dear Bonnie
Best of luck to
a sweet friend
Your friend
Bill Moore

Mrs Donald Schafer
4-H leader 1954

May 14, 1954
Dear Freddy.
your penmanship
disparation has
been an inspiration
to our room this
year.
Mrs. Miller

Joel Jones
Lillian Jones

Dear Bonnie,
I enjoyed having
you do one of my
pupils my first year
in Latah, and am glad
you have continued to
be a nice friendly girl
as you've grown older.
Thanks for all the
good candy!
Sincerely,
Donna Anderson

Bonnie:-
Good luck to
a very nice girl-
I have enjoyed
knowing you & I
was very glad
to have you as
one of Carol's
best friends -
Pauline Frye

Dear Bonnie,
Best of luck to
a real swell
girl. Be good
and stay out of
trouble.
Love
Dorothy

Dear Bonnie,
I wish you the best
in life. It's a joy
to work with a pleasant
lovely girl such as you.
Elaine Kelly

Dear Bonnie,
you are really
a swell little
girl.
Lots of Luck
always. Sincerely
Pauline Pittman

Foreword

INTO A LIFE TIME

With unsteady step we walk into a blank picture. A picture that someday will be history, but today, it is our future.

The Editor

Dedication

To our community, who have given us support in our school activities and worked to make our school better, we respectfully dedicate this annual.

Class History

We, the seniors of 1954, remember clearly September 7, 1950, at exactly 9:00 o'clock when we, as convicts guilty of not being educated efficiently to meet the rival competition of the world, began our 4 year term of hard labor at good old Latah High School.

Karl Ostheller, Harold Fricke, Bill Moss (from Coulee Dam, Wash.), Loretta Greenwalt, Verda Ravens, Audrey Matt, and Betty Berg answered the roll call. Mr. Miller was our advisor.

The most memorable event of our Freshman year was initiation. We were dressed in various comical costumes, with onion necklaces; and were compelled to do stunts as the Sophomores directed. That evening the Sophomores gave us a nice party. Later we gave the Freshmen Return Party.

Our class had 10 members our Sophomore year. Dona Koehne, Robert Ottosen and Joel Martensen came to us from Fairfield. Mr. Stanford was our advisor.

September 19th we initiated the 14 freshmen and had fun doing it. A party that evening climaxed the day's events.

Frankie Leitz joined us from Fairfield at mid year.

The term of 1952-53 found us mighty and busy Juniors. Loretta Greenwalt became Mrs. Charles Schoonover.

We chose and ordered our class rings, and after a long interval of waiting they finally arrived. During the basketball season, we were very busy popping popcorn and selling it along with candy and pop at the basketball games. The money we earned would help pay for our Senior sneak.

Christmas vacation Audrey Matt became Mrs. Donald Edmunds.

We presented the Junior play "This Ghosts Business," on April 29. We gave the Junior-Senior Banquet at Scarpelli's Restaurant. The Junior year ended with decorating the gymnasium for commencement programs. Mr. Latimer served as our advisor.

The most important year of our high school days, our Senior year, finally arrived. Our advisor was Mr. Miller. Our class again increased to 10 with the enrollment of Wayne Clark, from Scoby, Montana.

Three members of our class, Verda, Betty and Karl completed their 12 years of schooling together at Latah School.

Dorian studio took our graduation pictures in October. Also we ordered our calling cards, announcements; and made reservations for our caps and gowns early in the year.

The publishing of our 1954 annual the "Bobcats" was one of our outstanding undertakings for this final term. The picture stories it holds will be treasured memories for many years.

Our Senior play "The Antics of Andrew," was given in the spring. The Juniors honored us at a very delicious banquet in Spokane. Our long planned sneak finally became a reality. We all had such a good time, we were sorry to have it end.

The goal we had been working 4 years for was reached May 31, when we received our diplomas that certified years of hard work had been satisfactorily met. We were citizens, free to go our separate ways, accepting freely our responsibilities.

Class Prophecy

The year is 1975. The place is the moon. The rocketship, "Latah," has come in for a landing. The pilot, Franklin Leitz, who is exhausted from a 390,000 mile flight taking 90 hours, steps out and staggers to the Massage Parlor where Nurse Betty Berg is working. She is especially well trained in limbering the body that has become stiff from long intervals of muscular inactivity.

One of the passengers, who descends from the ship is attired in the latest fashion, for Joel Martensen is always carefully dressed. Joel claims to have struck oil on the moon, and is returning from a business trip to the earth. He boards a space taxi for the Moonbeam Hotel which is owned by Wayne Clark. His hotel is famous for the scenic murals, that he had specially painted, reproducing the majestic mountains that tower above the busy city of Latah, Washington (earth). While dining in the hotel restaurant, he is served by a cute waitress, Verda Mooncrater (formerly Verda Ravens). The position is only temporary for Miss Mooncrater. As soon as she can earn enough capital she plans on organizing a Cheerleaders Training School for the College of the Moon.

For an evening of entertainment, Joel decided to go to the Sad Sack Theater to see a Moon Beam Picture entitled "The Earth Men," starring Raymond Stiffneck (formerly Bill Moss). Mr. Stiffneck began his theatrical career on earth, but due to the invention of hytomic television which travels directly to the moon, he was seen and liked by many of the moon people, so they insisted that he come to their planet to star in a series of pictures they were going to produce. After the show, Joel returned to his hotel in a Bobo Taxi, named for Bob Ottosen, owner and manager of the company. Bob owes his business success to Boom Miller (former school principal on the earth) now president of the Boom Miller Moon Investment Corporation.

There is but one college on the moon, a college for women who wish to study earth creatures. The president of this college is none other than Dona Snow (formerly Dona Koehne). President Snow believes that the different customs, habits, and characteristics of the two planets must be understood by each other if they are to live and work together harmoniously.

The one professor, a very brilliant man, claims that he learned everything he knows at Latah Hi--this is hard to believe. The professor is Karl Ostheller, chairman of the Brain Study Department, which specializes in the brain actions of the ants on earth.

The college also boasts of another former Latah student who now teaches the moon people how earth people use automatic washers and dryers. He had a little training in this work at Latah High School. He is Harold Fricke. During his spare time Harold is working on a very important invention "The Jupitor Express" which if successful, will make him the first to explore the planet, Jupitor.

"and the thoughts of youth are long, long thoughts."

Class Will

We, the Senior Class of 1954, being of sound mind and of reasonable intelligence, do hereby will, give, and bequeath the following articles and talents to our dearly beloved classmates, friends, and faculty to have and to hold forever, and ever.

I, HAROLD FRICKE, Do hereby will:- To Marvin Janson my ability to run the dryer and washer. My avoirdupois to Jackie Rhoades which was willed to me by Don Schafer, in hopes he uses it better than I did.

I, KARL OSTHELLER, Do hereby will:- My basketball suit and spot on the team to Richard Fricke. To Joyce Stapp my job as annual editor. To Mary Lou Berg my spot in the quartet.

I, BETTY BERG, Do hereby will:- To Virginia Ottosen my ability to do mathematics in hopes she'll retain the knowledge longer than I. To Margaret Greenwalt my "melodious" soprano voice that she may keep the rest of the sopranos on pitch.

I, BOB OTTOSEN, Do hereby will:- My ability to study in my study halls to Jim Clausen in belief that he will improve his grades. My place of cleaning shop to Dale Bippes. To Jackie Rhoades my cold corner in the locker room.

I, WAYNE CLARK, Do hereby will:- To Bill Wolf, Gary Ostheller, and Marvin Janson my ability to always do something wrong when taking pictures, especially double exposures.

I, FRANKLIN LEITZ, Do hereby will:- To Richard Fricke my skill of playing the clarinet. My great ability to build boats to Marvin Janson. To Alex Matt my singing ability and place in the double quartet.

I, DONA KOEHNE, Do hereby will:- To Joyce Stapp my ability to catch the right man. To Iona Matt my place in the yelling section. My ability to write letters to Irma Helmke.

I, VERDA RAVENS, Do hereby will:- To Richard Fricke one half of my height which was willed to me by Don Schafer. To Alex Matt my position in Chemistry lab and my ability to blow holes in test tubes.

I, BILL MOSS, Do hereby will:- To Bill Wolf my place in the quartet so he can serenade his livestock every night. My ability to saw a board straight to Harold Scheele. To Janice Garber I will Richard Fricke.

I, JOEL MARTENSEN, Do hereby will:- My good driving ability to Harold Scheele. My place in band and chorus to Jim Clausen. My extra wood in shop to Richard Fricke.

We, the Senior Class, the school's main foundation, bequeath our high intellectual rating to the Freshman Class. We will our ability to make an annual to the Juniors. To Mr. Miller, our advisor and friend, we leave the many fond and pleasant memories we have had with him the past four years.

Signed, sealed, and delivered by the Class of 1954, this 31st day of May, in the year of our Lord.
